Parking

Once you access the location you will need to head right down the hill through the obvious car park to our own reserved parking area indicated with a GOLD STAR below.

You will need to tell the marshals on duty that you are here for the HGMS National Testing Event as people will also be using this to park for the marathon event.

From 10am-1pm there will be no exit or entrance available from the site via car but you will be able to leave as pedestrians
